

As mathematicians we will:

be developing increasing mathematical confidence to use concepts such as:

1)The four cornerstones of mathematics (addition, subtraction, division and multiplication)

2)Decimals, fractions and percentages

We will also be applying our knowledge to a range of real life problems

As scientists and engineers we will:

- Recognise that living things produce offspring of the same kind, but normally offspring vary and are not identical to their parents.
- Create experiments to demonstrate our ability to work scientifically.
- Recognise that living things have changed over time and that fossils provide information about living things that inhabited the Earth millions of years ago.

As historians and linguists we will:

- Go back in time to World War 2
- Consider what happened to evacuees and how they felt
- Learn about Britain during the war
- Consider how rationing affected everyone
- Learn about the blitz

To enrich our learning we will:

- Participate in an evacuee day
- Share some rationing recipes

Year 6 Spring Term

Blitz: The Bombs That Changed Britain

As athletes we will :

Be developing strategies for attacking and defending in basketball
Building up our fitness and stamina in circuit training

As designers and musicians we will:

- Design and build
- Study a range of wartime songs and music

As British citizens we will:

- Participate in debates surrounding the ethics and morality of historical events.
- Looking at democracy, freedom of speech and the justice system.
- Be discussing and analysing those individuals and organisations which inspire us.
- Explore friendship and how to manage our emotions.
- Debate political systems and their relative merits.

As readers and reporters we will:

- be studying a range of books including *Goodnight Mr Tom*, *Once* and *Letters from The Lighthouse*
- Continue to focus on including a range of punctuation in our writing
- Focus on handwriting, spelling and grammar as the foundations for successful writing.
