- When entering or leaving school, please do not let children enter the codes. We have them in place for the safety of the children and security of the school site.

# Attendance

- Parents must not take their children out of school for a holiday, and doing so is against the law. Please see the letter sent out by Mr Fawcett last Friday.
- Absences must be reported to the school if your child/ren will be absent for any reason. The school will follow-up with any unreported absence, which may include visiting the child's listed address.

- In Maths, our focus is on place value, addition, subtraction and 2D/3D shapes.
- In Science, we are investigating the natural world including plants, animals, minibeasts and habitats.
- In Computing, we will be learning about information technology and practising typing skills.

# Curriculum and enrichment

Things to look out for:

- Term 1- Travelling book fair, Roman day, Nativity
- Term 2- Travelling book fair, Cotswolds Wildlife Park, World Book Day
- Term 3- Abingdon Museum Trip

There will also be a curriculum assembly later in the year. As soon as the date has been decided for this, a letter will be sent out.

# Curriculum and teaching methods

- In Maths, there is an emphasis on physical resources as well as pictures and abstract representations.
- In English, children will either continue to follow the Read, Write Inc scheme of work or move onto free read/write lessons.
- All other lessons such as History, Science and R.E. are taught in the afternoons and will involve a mixture of hands-on and book-based activities.
- A useful site to help understand our approaches to teaching Maths:  
<https://whiteroseeducation.com/parent-pupil-resources/maths/maths-with-michael>
- BBC Bitesize also contains a wealth of information for various subjects.

# Google Classroom

- Your child's new class is being set up by our IT support, Sweethaven.
- Please ensure that you are able to access Google Classroom through your devices at home. We can help with this, so don't hesitate to contact us if you are having trouble.
- Please monitor your child's use at home. Google Classroom is not meant to be used for chatting and posting non-school related things.

# Homework expectations

- Homework will be assigned on Google Classroom.

All assignments will be hosted on Google Classroom in a format that can be submitted online. This will mean there will be no need for a homework book to come in and out of class each week.

- Homework includes:

Maths/English (alternating each week)

English and Maths will be assigned on Google classroom, usually as a Google form and we will check this online.

Spelling lists

Spellings will be assigned each Tuesday, with a follow-up test on Mondays. There is no expectation that you send in lots of papers to prove you have practised, but some suggestions will be given for this and we are always happy to look at photos of children's practice on Google Classroom.

Google classroom logins will be handed out in due course.

# Other ways to support your child

- Daily reading – listen to your child read, but also read to them. It helps them to hear and understand rhythm and fluency. Even older children like to listen to stories.
- Conversation – talking about current events, plans, what you or they are reading. This will help build their vocabulary.
- Practise Maths – mental maths, times tables, adding, baking, shopping, etc. TTRS/Numbots
- Help them learn social skills by encouraging them to say hello to known people or order their own food.
- Encourage independence to make simple snacks, pair up socks, tie laces or help around the house.

# Pupil Welfare

- Keep the school up-to-date on any medical conditions. We will need to see a letter from a medical professional.
- Only prescription medication required more than 3 times daily can be administered. This will need to be signed in by a First Aider. Requests for any exceptions to this must be made to Mr Fawcett.
- It is parents' and carers' responsibility to ensure medication/inhalers are in date.
- Please ensure that your child/ren are equipped appropriately for the weather. (i.e. sunscreen/hats in summer, coats in winter and raincoats as necessary).
- Please communicate any significant bumps or injuries to class teachers.

# Pupil Welfare

Bullying including cyberbullying: when someone is deliberately hurtful to someone over a period of time.

At school we:

- have anti-bullying ambassadors
- raise awareness through assemblies, presentations, forums, nurture groups, PSHE lessons and pupil leadership.
- online safety lessons and internet safety week.

# Wellbeing and Mental Health

## Mental health is

"... a state of wellbeing in which every individual recognises his or her own potential, can cope with the normal stresses of life, can work productively and fruitfully, and is able to make a contribution to his or her own community."

World Health Organisation, August 2014

## At school we:

- have a mindful approach to PSHE lessons with built-in mindfulness practice. This is reinforced in assemblies and a new programme, Jigsaw Resilience.
- promote secure relationships.
- mark World Mental Health Day and Children's Mental Health Week.
- have calm spaces.

## Ways to support a child or young person

### Be there to listen

Regularly ask your child how they're doing, to help them get used to talking about their feelings, and know there's always someone there to listen. You can get tips on [Young Minds: How to talk to your child about mental health](#).

### Support them through difficulties

Pay attention to how your child is feeling or behaving and try to help them work through difficulties. It may not be easy facing challenging behaviour, but try to help them understand what they're feeling and why. Learn more from [the Maudsley Charity on difficult behaviour](#).

### Stay involved in their life

Show interest in their life and what's important to them. It not only helps them value who they are but also makes it easier for you to spot problems and support them.

### Encourage their interests

Support and encourage your child to explore their interests. Being active or creative, learning new things and being a part of a team helps connect us and boost our mental wellbeing.

### Take what they say seriously

Listening to and valuing what they say makes them feel valued. Consider how to help them work through their emotions in constructive ways. [Anna Freud Centre's guide on ways to support children and young people](#) has more on this.

### Build positive routines

Try to have structure around regular routines, especially around healthy eating and exercise. A good night's sleep is also important, so have a fixed time for going to bed and getting up. The [Sleep Charity has relaxation sleep tips for children](#).

## Behaviour:

### Be Safe, Be Kind, Be Respectful

- Our behaviour management is based on a restorative approach.
- We create a positive environment throughout the school and model our three school rules.
- Recognition of positive behaviour through House Points, Celebration Nominations, Homework Champions and Sporting Champions.

# How you can support the school

- Support social and fundraising events.
- Join Friends of Rush Common (FoRC).
- Become a Governor.
- Volunteering your skills and talents – gardening, crafts, resources, class trips.
- Become a reading volunteer or help in forest school – please contact the school office.
- Follow us on social media and share our news.
